

## March 20 Update on Coronavirus (COVID-19)

This afternoon, Illinois Governor J.B. Pritzker announced a [statewide “Stay At Home” order](#) that takes effect on Saturday, March 21 at 5 p.m. until the end of April 7. In compliance with this new order, all park district facilities will remain closed until April 8. All parks will remain open to the public, but the following amenities will be closed to the public:

Playgrounds

Public Restrooms

Please follow all CDC guidelines when visiting our public outdoor spaces – keep social distance of at least 6 feet, do not participate in group activities, and wash your hands both before and after visiting for at least 20 seconds. With our facilities closed, we are exploring new and creative ways to stay strong as a community in which everyone enjoys happiness and health, and an appreciation for the environment on a daily basis. For the duration of the closure, we will be offering virtual group fitness classes, virtual field trips, daily challenges and much more across our Facebook and Instagram pages.
